Dear Parents,

A short message from me this week as I have already communicated with you about 2016.

**Kindergarten 2016 Orientation**
On Monday 26 Oct we have the Kindergarten Orientation Evening for our new students beginning their school career in 2016. We currently have four Kindergarten students definitely starting next year but if you know of anyone else that we may have missed please encourage them to enrol at Bemboka PS. Our numbers for next year are borderline so it would be good to have a couple more!

**Green Learning Group**
Next week the Green Learning Group will have a performance presentation called Make Your Mark. The purpose of this presentation is to inspire young Australians across NSW to broaden their horizons and consider Higher Education as a realistic option for everyone. In addition to this, on 4th November, Green Learning Group will be travelling in to Bega to the University of Wollongong campus for the Kids in 2 Uni day. This day is designed to give them an introduction to university life and encourage them to think about career choices for the future.

**Preservice Teacher**
We have Rebecca Bond who is a student from the Bega University of Wollongong campus here for three weeks doing a practice teaching block. Rebecca lives in Bemboka and has a young family but has commenced her journey towards a career as an educator and is proof that access to higher education is available to us at any time of our lives if we choose that path.

**Primary Principal’s Assoc State Conference**
I will be in Sydney from Wednesday to Friday next week at the Primary Principal’s Association State Conference. Julie Collins will be acting Principal in my absence.

Have a great fortnight and remember to Play. Play is one of the aspects of the FISH philosophy and we must all remember not to take life too seriously. Make sure you have a laugh every day and create some fun. It’s very good for you and even better for those around you!

Your fellow educator,

Jan Rogers

Dear Parents and Caregivers,

I’d like to introduce myself, my name is Rebecca Bond and I am a preservice teacher currently studying at the University of Wollongong, Bega Campus currently doing my Master of Primary Teaching. I have been lucky enough to have my practical experience here at Bemboka Public School in the Green Learning Group.

Currently in my second week (of 3), I have enjoyed teaching the Green Learning Group about The Hobbit in literacy, Antarctica in Geography and 3D Shapes in Maths.

I have enjoyed working with such independent and responsible learners and I look forward to coming back to Bemboka when I am a fully qualified teacher.

Thank you to all the staff, students and parents for a wonderful experience.

Rebecca Bond

The PlayNRL Sporting Schools program is an introductory program that aims to offer participants a "non-competitive" program that focuses on fun and participation.

- There are modified rules for safety, tag, or tackle options. The program uses small sided games played on a smaller field, two player numbers and using a modified ball with modified rules to encourage greater participation for all players.
- The PlayNRL program is a non-competitive form of the game with mixed teams each week, where no formal scores are recorded, there are no competition points and no final series.
- The program is a shorter 6 week program that is conducted on a week day/night.
- $50 program includes Reversible T-shirt and Rugby League Ball
